## **MUST I HAVE A PROVIDENT FUND FOR MY DOMESTIC WORKER?**

Although there is no obligation on Employers of Domestic Workers to have a Provident Fund for their Domestic Workers it is expected that we can expect legislation in this regard fairly soon.

The challenge when Domestic Workers go on retirement or are retrenched is that they only have their UIF to fall back on.

Edomestix is currently setting up a Provident Fund for Domestic Workers in order to pre-empt the compulsory Provident Fund issue.

If you are interested to participate please contact our Call Centre on 071 147 1213
